

## Sleepover Games

### The Story Circle

Ask all your guests to sit in a circle.

First of all, everyone should pick their favourite Rainbow Magic fairy. Now, the hostess begins by introducing her fairy and starting to tell a story. After a minute (you could time her with a watch), whoever is sitting on her left carries on with the story and must introduce her own fairy. Follow on all round the circle, until everyone has had a turn and the last fairy has ended the story.

### Jack Jack Frost

- Everyone except one player sits in a circle, facing the middle
- The one person not in the circle is Jack Frost for this round
- Jack goes around the outside of the circle, tapping the people sitting down, and saying 'Jack' with every tap
- When Jack says 'Frost', the person tapped needs to chase and tip Jack before Jack can run around the circle and get back to that person's spot
- If Jack makes it back to the spot before getting tipped, the other person is now Jack Frost. Otherwise, the current Jack has another turn!
